

Would you like the peace and quiet to get your work done and then be able to spend quality time with your family?

We know how difficult it can be trying to work from home while the children are on holiday. The distractions come from all sides, the children wanting attention, your desire to spend time with them, family members forgetting you have work to do can all result in both family and work life suffering.

By taking a desk or office in our serviced offices you can go off to work each day knowing that while at work you can concentrate on what needs to be done. At the end of day with work complete you arrive home stress free and ready to enjoy time with your family.

With a desk in the open plan office costing only £100 a month at the Sears Business Centre Sittingbourne and with just a one month commitment it is a very cost effective way to set up your office away from home - regain your sanity and keep the family happy, give us a call and come in and see what we have to offer.
